km Services

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

The district is requesting the deregulation for staffing of Library Services at the five school sites. As district librarians have retired, we have had no staff members pursue Library Media Specialist credentials. The district still employs two full-time librarians and one full-time library aide at each of the five sites. In addition to the scarcity of available library media specialists, we have determined that the need for a full-time librarian at each site is not only cost-prohibitive, but is also not the best use of our resources that will best serve our students and their educational needs.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Each of the five libraries have a full-time library assistant that hold highly qualified paraprofessional status. Three of the five also hold college degrees. The district will also utilize the two full-time librarians - housed in 1st-3rd building and the 4th-5th building - to oversee the five libraries. The two librarians will assist with scheduling, assist with necessary resource purchases, and to teach the library media classes determined to be essential and appropriate for students at each of the sites. All five sites will continue to have full-day access for both students and staff. The scheduling in the libraries includes the classroom teachers working collaboratively with the library assistants and librarians to work on projects, locate resources and materials, and to assist students in class assignments.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Student and school performance levels will continue to be held accountable to meet any and all state standards associated with library media skills. With the implementation of Literacy across the curriculum being utilized across the district, an emphasis will continue to be placed on integrating literacy into all of the content areas. The collaboration of personnel will help to ensure that all standards are met throughout the grade levels.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

August 10, 2023 to May 16, 2024

All District Libraries open to all students and staff

Daily Hours of Operation at all five sites will be from 7:30 a.m. -3:15 p.m.

Weekly collaborative meetings with library assistants, librarians, and principals at all five sites will ensure full use of the media centers and resources.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.
The financial impact to the district will only be reflected in the absence of the retiring library media specialist salaries. The district will continue to utilize general fund monies to continue to provide up to date resources and computer and internet access at all five libraries.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
The staff at all five sites and at the district level will continue to monitor student progress on common assessments, district benchmark assessments, and OSTP required assessments to ensure that the program remains effective for all students enrolled at the five sites. Students are expected to score proficient on the assessments as they relate to all state standards.

** You will be contacted if more information is needed to process this request.

Oklahoma City, OK 73105

Ms. Barr,

Anadarko Public Schools is submitting a request for deregulation of Library Services: OAC210:35-5-71, OAC210-35-7-61, and OAC210:3509-71. The deregulation request is for Sunset Elementary, Site 115; East Elementary, Site 105; Mission Elementary, Site 120; Anadarko Middle School, Site 510; and Anadarko High School, Site 705.

The district still employs two full-time certified librarians. Each of the five site's libraries also has a full-time library assistant that holds highly qualified paraprofessional status. The district will also utilize the two full-time certified librarians - housed at the 1st - 3rd building and the 4th - 5th building - to oversee the five libraries. The two librarians will assist with scheduling, assist with necessary resource purchases, and will teach the library media classes determined to be essential and appropriate for students at each of the sites. All five sites will continue to have full-day access for both students and staff. The scheduling in the libraries includes the classroom teachers working collaboratively with the library assistants and librarians to work on projects, locate resources and materials, and to assist students in class assignments.

In addition to the scarcity of available library media specialists, we have determined that the need for a full-time librarian at each site is not only cost-prohibitive among the recurring budget cuts, but is also not the best use of our resources that will best serve our students and their educational needs at this time.

Thank you for your consideration. Please contact me if there are any questions.

Respectfully,

Jerry McCormick,
Superintendent

A. Reason for the waiver/deregulation request (be specific).

The District has maintained the past few years due to the present circumstances due to the COVID-19 issues and has experienced the fact that it is not feasible to employ a full time library media specialist; therefore, the district will continue to fill the position with an existing employee with a Library Certification with one to two hours per day and continue to staff a full time library assistant specifically for the Elementary site. The Elementary will be open full day and the MS and HS sites will be open a portion of each day to ensure students have access for the purpose of research and other materials available.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

The Library will be staffed for one or two hours a day with a certified library media specialist. The remainder of each day will be staffed with a full time library assistant in both the Elementary and Secondary libraries a portion of each day. Library access will be allowed by each individual classroom teacher having the ability to check out materials for students as needed. The educational benefits to the students will be the school's ability to purchase textbooks, curriculum materials and the increased available technology with the funds being saved by operating our libraries with a part-time librarian and full time assistant.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

There has been no negative impact on our students learning. The circulation statistic will be monitored to ensure no drop off in our student's access to the library. Students will have full access to the library as needed.

D. Timeline: (Please submit class schedule, calendars, assessment forms and other attachments as necessary.
A waiver/deregulation can only be granted for a one school year period)
NOTE: A School District Empowerment Waiver can be for up to 3 years.
The Library will be opened each day we are in session for instruction.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.
The financial impact will only be positive since the funds will allow the district to continue to purchase and upgrade the materials and technology equipment to service the students.

F. Describe method of assessment or evaluation of effectiveness of the plan.
At each site staff meetings, a survey will be conducted to ensure that teachers and students have the necessary access to materials, technology and library space for instructional use; however, the curriculum records will be reviewed to ensure that students have access to the library has been maintained.

Library Media Services (For Entire District)
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

The regulation is being requested to change the standard library services for Fox Public Schools. The approval of this request will allow the following: Fox Schools currently has a full-time paraprofessional working in the schools only library science degree, but not yet passed the certification test.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The district will use the paraprofessional to monitor the library which will allow students access to the library all day. The librarian will be available one hour per day and after school to monitor the library and ensure that it is providing the resources along with the help that is needed for individual and group needs.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

This deregulation has been awarded the last few years. The district has not noticed any significant impact on student performance, but will continue to monitor through the end of the year and benchmark testing.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

This deregulation plan will be in place for the 2023-2024 school year. The district is hoping the certified staff member will take and pass the certification test.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The district currently employs the paraprofessional and te certified teacher which has the degree, but has not passed the test. If he deregulation is not approved then the district would have to hire a library/media specialist.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Fox Schools will use end of the year test as well as benchmark testing.

** You will be contacted if more information is needed to process this request.

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

For the 2022-2023 SY, CIMS and NHS were approved to share a librarian. We believed this worked out wonderfully for both libraries and the librarian asked that we continue this as she builds both libraries. NPS posted, but only had one certified applicant with minor experience apply. The LMS that we hired has over 20 years experience working for public libraries, holds a masters in Library and Information Studies, and has applied for the alternative certification program. To assist with this, both schools will employ a full-time library assistant. NPS likes the direction both libraries are going currently and see both libraries benefiting under the guidance of our current LMS.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.
- Our goal is to continue to provide our students and teachers with access to the library resource program. We plan to hire a full-time library assistant for both school sites that will allow the library to always be available to students and teachers. We will also continue to post future positions for a Library Media Specialist with the hope of finding quality candidates. The negative impact if this waiver is denied is putting an unqualified person to oversee an integral part of the school such as the library. We do not want to lose traction or students' interest in the library due to an unqualified person. The approved waiver will allow us to continue in the positive direction that our current LMS has begun.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

From 2016-2021, NHS and CIMS were awarded this deregulation. During that time span, there was no negative educational impact on the students, as both libraries were operational with a shared librarian. For the 21-22 SY, NHS and CIMS both hired certified librarians. At the conclusion of that SY, one retired and one went back to the classroom. For the 22-23 SY, we hired a wonderful LMS to oversee both libraries and this is working out wonderfully. For the 23-24 SY, both sites are requesting deregulation due to lack of qualified candidates, the prior years lack of negative educational impact, and the positive direction both libraries are currently going.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The continued sharing of a librarian will not affect the school calendar of class schedules since both sites will employ full-time library assistants.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The district will continue to save funding through the employment of a shared librarian. This will continue to operate in our most financially responsible position at this time and allow for further improvements to the library media program.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The district will constantly evaluate the use of the library and the effect of a shared librarian between the two schools. We do not expect a loss in the use of the library, nor in any academic assessed areas due to the shared librarian.

** You will be contacted if more information is needed to process this request.

RE: Deregulation for OAC 210:35-7-61

To Whom It May Concern,

I am writing to request a deregulation for OAC 210:35-7-61. This request is necessary due to the quality of candidates that applied for the MS or HS Library Media Specialist (LMS) position. For the 2022-2023 SY, CIMS and NHS were approved to share a librarian. We believed this worked out wonderfully for both libraries and the librarian asked that we continue this as she builds both libraries. NPS posted the position, but only had one certified applicant with minor experience apply. The LMS that we hired last SY has over 20 years experience working for public libraries, holds a masters in Library and Information Studies, and has applied for the alternative certification program. To assist with this, both schools will employ a full-time library assistant. NPS likes the direction both libraries are going currently and sees both libraries benefiting under the guidance of our current LMS. This decision will allow us to offer more high-quality library media services and programs to our students and teachers, without placing an unqualified person to oversee one of the libraries. Upon conclusion of the 2023-2024 school year, library services will be evaluated to determine the need for this request for subsequent school years. Thank you for your time and consideration.

Respectfully,

Frank Solomon
Superintendent of Schools

NAME OF WAIVER

hm Service

A. Reason for the waiver/deregulation request (be specific).

Deregulation is necessary due to a shortage of qualified teachers, and restraints due to budget cuts. Our current librarian who splits her day between the High School and Elementary is needed to teach classes at the Junior High.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

We added back two hours for our current librarian to be in the library. She is just not able to be in there full time. Our current librarian splits her day between the Junior High/High School and the Elementary. We have a full time teacher assistant who is able to open up the library if the need arises for a teacher to bring in their class or if a student needs to check out a book.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

We have not seen any impact with regards to student performance. We do not anticipate any negative affects. Someone is able to open the library anytime that it is needed.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Our staff has full access to the library throughout the school day. We have been able to put back two hours in the schedule to allow the librarian time to be in the library at the JH/HS in the afternoon. Teachers who need access before that, simply have to call the office and it will be opened for them to use whenever they so choose. If a teacher knows far enough ahead of time we can schedule the librarian to be here in the morning for them as well. We have on staff teacher aides who will be available to open up the library so that it will be accessible for our students and staff.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

The district is able to save money by having the librarian teach classes at the Junior High. This will enable our Junior High to offer classes that we would otherwise not be able to. This will have a positive effect on our Junior High kids. We will be able to offer a reading class for both 7th and 8th grade students. It will also add some elective courses that we have not been able to previously provide. With the flexibility within our schedule it opens up more possibilities for our kids to be college, and career ready.

F. Describe method of assessment or evaluation of effectiveness of the plan.

To determine the effectiveness of this plan we will utilize the state assessments, and ACT scores to see whether or not there will be an impact either positively or negatively by deregulating the library. We will also meet as a staff at the end of the year to discuss any other possible solutions not previously known, and then we will discuss the positive or negative impact that this will have on our kids. The end of the year meeting and discussion will be used to further evaluate and assess moving forward what plan of action we will use with regards to the school library.

This letter is a request for the Geronimo Public School District I-004, Comanche County; to deregulate the districts Junior High/High School library for the 2023-2024 School Year. Deregulation is necessary due to budget restraints and a shortage of staff due to budget cuts and restraints. Our current librarian is needed to teach reading classes at the Junior High. Please accept and grant this request.

Thank You,

Bill Pascoe

Lm Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Tishomingo Elementary School is requesting a deregulation from 210:35-5-71
Staffing: The school shall provide staffing for the media program through one of the following arrangements: 1) Enrollment of fewer than 300: At least one full-time certified library media specialist (librarian) or a half-time certified library media specialist (librarian) and a full-time library assistant. Tishomingo Elementary School has approximately 350 students enrolled in PK-5. The current budgetary climate and lack of certified media specialists are making it difficult for TES to meet this requirement. The District does not have a suitable alternative if the waiver is denied at this time.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

We have a full-time library assistant that will keep the library open all day every day. She will work with the full-time library media specialist that is being shared among all three sites (ES, MS and HS) to guide the library development and activities. The full-time library media specialist will make periodic presentations to elementary school students and classroom teachers will hold classes in the library and work with the assistant to teach library skills. Denial of this waiver would create a more complex situation for the District in attempting to maintain an open library at the elementary school.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes. Students continued to have access to the library, along periodic presentations from a library/media specialist. Student performance levels were not directly affected by the deregulation. The District has implemented automated book check-out and turn-in systems via Renaissance which has greatly improved student access and health in book handling. Other sites in the District were afforded the same service and opportunities afforded elementary students since we have been able to serve each site the same way.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

We will have a library assistant in the library full-time each week. Teachers will take classes to the library as needed and the full-time library specialist will make presentations to elementary students once per quarter. Teachers may also schedule a time with the Library Media Specialist to work with the teacher's specific class in the library media center on special projects.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The District actually increased budget for the media specialist position two years ago by moving the half-time media specialist to a full time counseling position and replacing the half-time media specialist serving districtwide with a full-time media specialist position serving districtwide. The District has been able to construct a new media center using bond funds that will open at the elementary site in August of 2023. The District has also been able to provide for a one-to-one environment in which every student has a chromebook.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Evaluations will be based on library usage, survey of teachers in ease of use, availability, etc., number of books checked out. This information will be used to compare to previous year's usage where data is available. In addition, student test scores in STAR Reading and the OSTP RSA 3rd grade reading tests will be compared to ensure success of each student.

** You will be contacted if more information is needed to process this request.

RE: Deregulation Library Media Specialist

Dear State Board of Education Members,

The Tishomingo School District is requesting a deregulation from OAC 210:35-5-71; OAC 210-35-7-61; OAC 210-35-9-71 allowing one Library Media Specialist to serve districtwide with the assistance of a Library Media Aide at each site within the District. The District was able to maintain the service of a certified Library Media Specialist to serve in a full-time capacity for the 2023-2024. This is definitely an increase of service compared to only being able to find a half-time Library Media Specialist two years ago. The District also has an aide at each site that has been trained by the District's Library Media Specialist to facilitate day-to-day functions in the library at each campus within the District. The District has continued to work to increase service, and we have been able to fully automate the book check-out and return process by implementing the renaissance program. This program affords the District the ability to fix barcodes to all books and then scan books to manage the check-out and return of library books. We have also provided all students in Pre-K through 12th grades with chrome books allowing teachers to complete a great deal of research in class. Thank you for your consideration and understanding as we navigate these challenging times. Sincerely,

Bobby Waitman

We have a full-time library assistant that will keep the library open all day every day. She will work with the full-time library media specialist that is being shared among all three sites (ES, MS and HS) to guide the library development and activities. The full-time library media specialist will make periodic presentations to middle school students and classroom teachers will hold classes in the library and work with the assistant to teach library skills. This plan will assure that the library is open to students in a consistent manner. Denial of this waiver would create a more complex situation for the District in attempting to maintain an open library at the middle school.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes. Students continued to have access to the library, along periodic presentations from a library/media specialist. Student performance levels were not directly affected by the deregulation. The District has implemented automated book check-out and turn-in systems via Renaissance which has greatly improved student access and health in book handling. The District has also purchased chrome books providing for a one-to-one environment enhancing research outside the library. Other sites in the District were afforded the same service and opportunities afforded elementary students since we have been able to serve each site the same way.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

We will have a library assistant in the library full-time each week. Teachers will take classes to the library as needed and the full-time library specialist will make presentations to middle school students as scheduled by the media specialist and homeroom teacher. Teachers may also schedule a time with the Library Media Specialist to work with the teacher's specific class in the library media center on special projects.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The District actually increased the budget for the media specialist position two years ago by moving the half-time media specialist to a full time counseling position and replacing the half-time media specialist serving districtwide with a full-time media specialist position serving districtwide. The media center was at one time also serving as a computer lab, but the District has been able to allocate funds to provide for a one-to-one environment in which every student has a chromebook.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Evaluations will be based on library usage, survey of teachers in ease of use, availability, etc., number of books checked out. This information will be used to compare to previous year's usage where data is available. In addition, student test scores derived from the both formative assessments such as the IXL web based program and summative assessments such as the OSTP will be compared to ensure success of each student.

**** You will be contacted if more information is needed to process this request.**

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Tishomingo High School is requesting a deregulation from 210:35-9-71 Staffing: The school shall provide staffing for the media program through one of the following arrangements: 1) Enrollment of fewer than 250: At least one full-time certified library media specialist (librarian) or a half-time certified library media specialist (librarian) and a full-time library assistant. Tishomingo High School has approximately 250 students enrolled in grades 9 – 12. The current budgetary climate and lack of applicants are making it difficult for THS to meet this requirement. The District simply wouldn't have the ability to provide media specialist services by any other means.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

We have a full-time library assistant that will keep the library open all day every day. She will work with the full-time library media specialist that is being shared among all three sites (ES, MS and HS) to guide the library development and activities. The full-time library media specialist will make periodic presentations to high school school students and classroom teachers will hold classes in the library and work with the assistant to teach library skills. This plan will assure that the library is open to students in a consistent manner. Denial of this waiver would create a more complex situation for the District in attempting to maintain an open library at the middle school.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes. Students continued to have access to the library, along periodic presentations from a library/media specialist. Student performance levels were not directly affected by the deregulation. The District has implemented automated book check-out and turn-in systems via Renaissance which has greatly improved student access and health in book handling.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

We will have a library assistant in the library full-time each week. Teachers will take classes to the library as needed and the half time library specialist will make presentations to high school students once per quarter.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The District is actually increased budget for the media specialist position by moving the half-time media specialist to a full time counseling position and replacing the half-time media specialist serving districtwide two years ago with a full-time media specialist position serving districtwide. The District has also purchased chrome books for every student in grades Pre-K through 12th. This has created a lab environment in every classroom in which students can participate in research that in the past was limited to the library.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Evaluations will be based on library usage, survey of teachers in ease of use, availability, etc., number of books checked out. This information will be used to compare to previous year's usage where data is available. In addition, student test scores on the ACT will be compared to ensure success of each student.

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We have had a Reduction in Force due to a decline in an enrollment as well as a loss of funding. This has created a need to adjust teaching assignments and our Librarian has the certification to teach in subject areas that have been left vacant.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Allow teachers to create a schedule for taking classes to library and maintain a record of books checked out and turned in for their classes.

Bokoshe School proposes to have a paraprofessional/library aide hired to check books out and maintain the operations of the library and work with our Reading Specialist, Mrs. Bray and teachers to help our students find reading material that is appropriate for each student's reading level and keep them from falling behind academically.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

No, Bokoshe School has not been awarded a deregulation in the past. A statutory waiver should not effect student performance levels at Bokoshe School. With all students PreK through the 12 grade having access to the library, student scores will continue to improve.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Attached to this waiver packet is a school calendar, a class schedule, Board Agenda with showing the application for deregulation of library as an agenda item.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

Financial impact would be positive and would save a librarian's salary. The funds saved could be used to pay bills, and provide materials for students at Bokoshe School. This reduced cost would benefit Bokoshe School District immensely.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

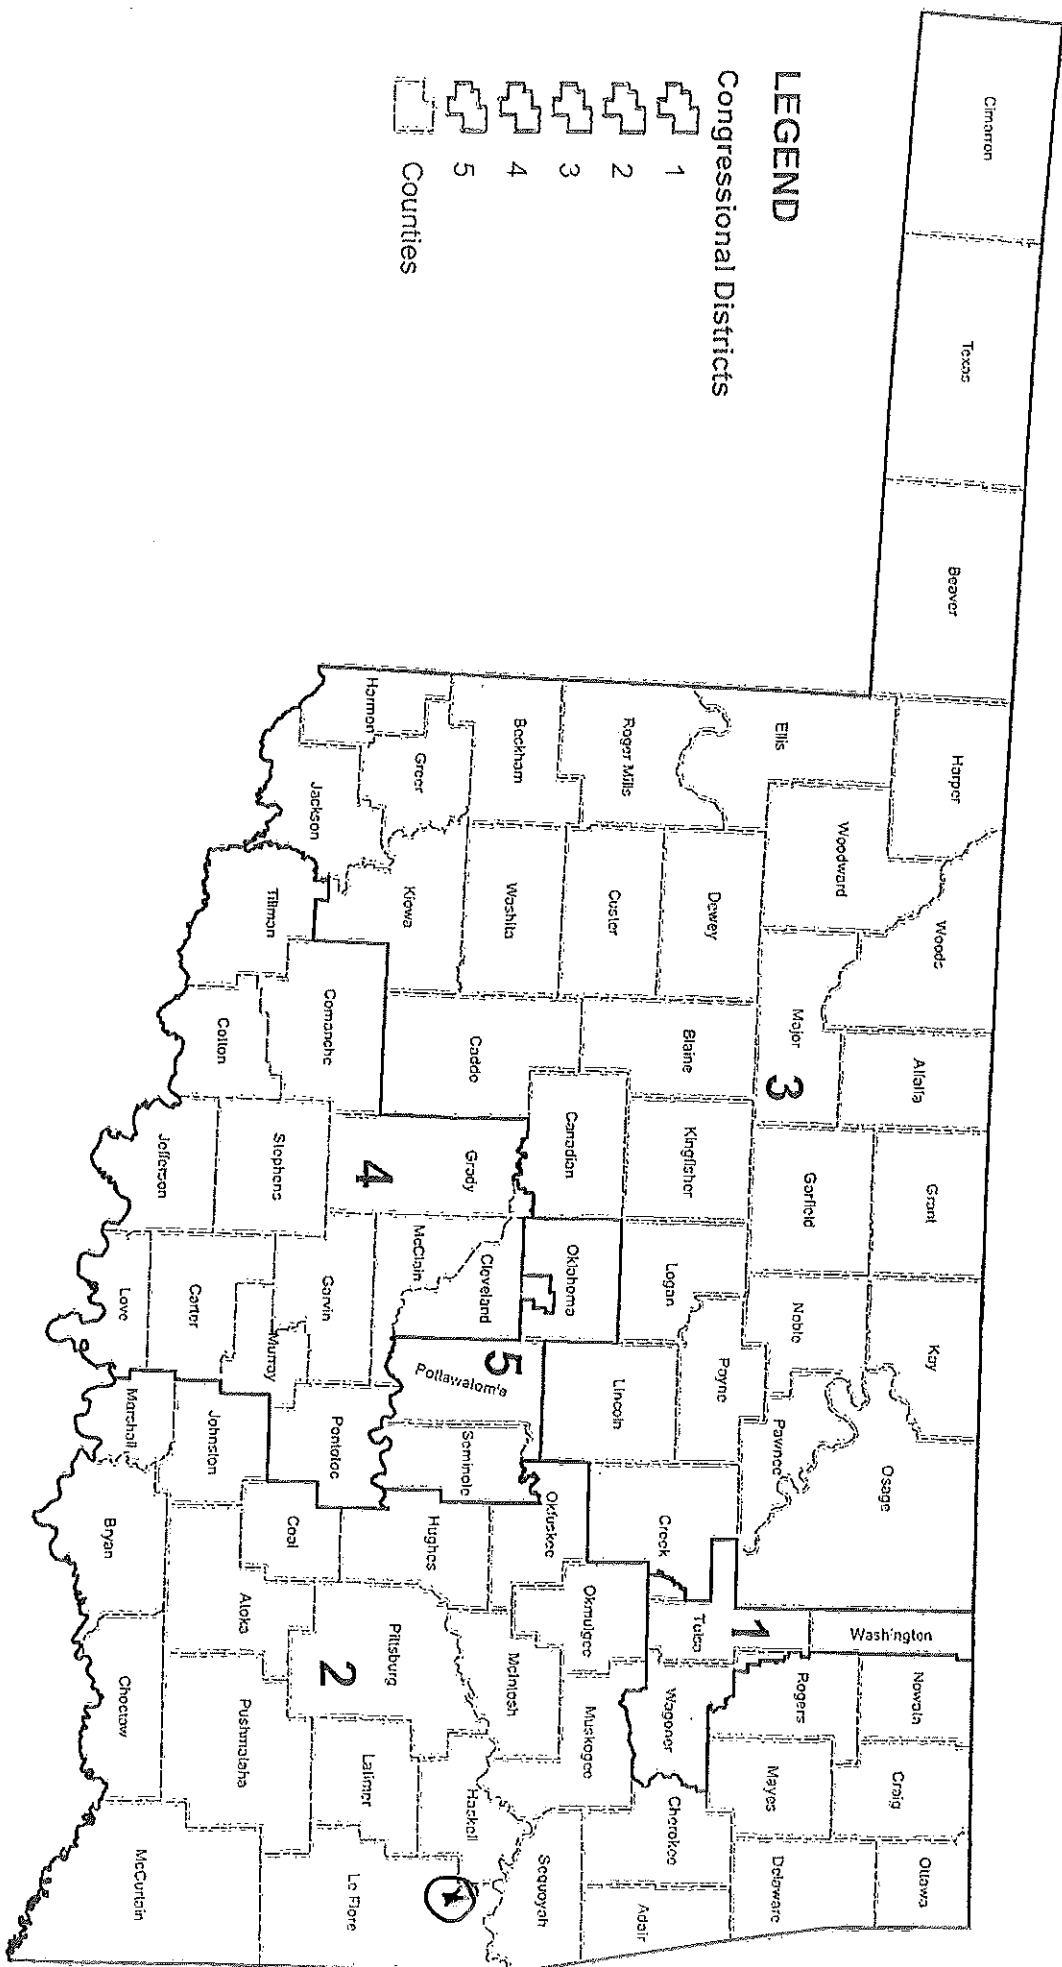

IXL Benchmark testing

STAR Testing

Library Effectiveness would be evaluated by NWEA Benchmarks throughout the year and by numbers of AR participation. Parent surveys evaluating the library effectiveness will be given out each semester. Superintendent Deleplank will actively oversee library activity.

** You will be contacted if more information is needed to process this request.

REGULAR BOARD MEETING
BOKOSHE BOARD OF EDUCATION
30201 CHICKASAW STREET, BOKOSHE, OK 74930
JUNE 5, 2023 – 6:00 P.M. SCHOOL LIBRARY

E: The board may discuss, vote to approve, vote to disapprove, vote to table or decide not to discuss any item on the agenda.

1. Call the meeting to order and recording of the members present and absent.
2. CONSENT AGENDA:
All of the following items, which concern reports, and items of a routine nature normally approved at board meetings will be approved by one vote unless any board member desires to have a separate vote on any or all of those items. The consent agenda consists of the discussion, consideration, and approval of the following items.
 - A. Minutes of the 05/03/2023, Special Board meeting.
 - B. Monthly financial reports of Activity, General, Building and Lunch Funds.
 - C. Encumbrances as submitted.
 - D. Designate Mr. Bill Deleplank, Superintendent, as the following of the 2023 – 2024 school year: Purchasing Agent, Authorized Representative for all Federal Programs including E-Rate and Designated Custodian for the General, Building, Child Nutrition, Bond, Co-op and Activity Funds, State programs and all other school programs and activities not listed.
3. Vote to approve or not approve any resignations as presented.
4. Vote to convene into executive session to discuss the employment of Hunter Crase as SpEd. Para, and Denise Davis as Technology Aide/21st Century Project Director for the 2023-2024 school year and any other employment issues for the 2023 – 2024 school year. 25 O.S. Section 307 (B)(1).
5. Executive Session Compliance Announcement.
6. Vote to hire Hunter Crase as Sp. Ed. Para for the 2023-2024 school year.
7. Vote to hire Denise Davis as Technology Aide/21st Century Project Director for the 2023-2024 School Year.
8. Vote to approve or not approve the Resolution for the OSIG insurance for the 2023 – 2024 school year.
9. Vote to approve or not approve the Workman's Compensation proposal from OSAG (Oklahoma School Assurance Group) for the 2023 – 2024 school year.
10. Vote to approve or not approve contract with Keota Public School to form Alternative Ed. Coop. for the 2023-2024 school year, with the FY23 Allocations/Funds to be paid to Keota Public School District.
11. Vote to approve Federal Programs LEA Agreement and Assurances for the 2023-2024 school year.
12. Vote to approve or not approve OSSBA Comprehensive Employment Service Agreement for the 2023-2024 school year.

Oklahoma City, Oklahoma 73105-4599

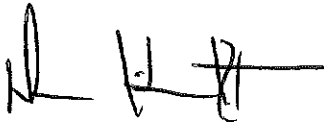

To Whom It May Concern:

I am Superintendent at Bokoshe Public School and I am submitting this cover letter to explain our request for a statutory waiver/deregulation of our library.

Due to a decline in enrollment and a loss of funding, Bokoshe School has undergone a reduction in force. This has created a need to adjust teaching assignments and utilize the teaching certification which our librarian has to teach in subject areas that have been left vacant. This would ensure that certain core classes will be covered as well as create a substantial savings for our school.

I would certainly appreciate your consideration in approving our application.

Respectfully,

Diana Hames
Superintendent, Bokoshe Public School
918-969-2491

A. Reason for the waiver/deregulation request (be specific).

McCord Elementary is a small, rural school of approximately 320 students. Due to the teacher shortage in Oklahoma, including certified library-media specialists, it is difficult to place a highly qualified person in this position. We have on staff a certified library-media specialist; however, she does not desire to fulfill this position as she prefers to teach PreK.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Our library will be staffed with a certified teacher with a Language Arts endorsement. She organizes class activities, promotes reading and books and enriches students through library lessons. She enjoys the library and the environment is fun, rich in books and STEM education, and students use the library daily. Our certified teacher has held this position for several years and does an excellent job. She encourages students to read by contests and celebration such as our annual principal's reading challenge. She provides class lessons at least once per week so students gain knowledge of library/media materials. Her Language Arts background is a good resource for her to promote the library. She will be in the library full time, 5 days per week. We have a certified library-media specialist on site. She teaches PreK and loves her position. She does not have a desire to be in the library fulltime; however, she will be a resource and help the certified teacher as needed. Additionally, we have an assistant who helps with shelving books and checking books out/in to help the certified teacher have more time for lessons.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Students will not be deprived of the educational learning of the library, books, or other programs. In fact, with the Language Arts teacher they will benefit from her expertise and enthusiasm for books, incorporating STEM, and learning in general. McCord has only 1 site for PreK-6th grade so it will have no impact on other sites in the district.

D. Timeline: (Please submit class schedule, calendars, assessment forms and other attachments as necessary.

A waiver/deregulation can only be granted for a one school year period)

NOTE: A School District Empowerment Waiver can be for up to 3 years.

1st-6th grade will attend the library a minimum of one day per week for 30 minutes per session for a library/media lesson. Following the lesson students will check out books. PreK and Kindergarten will attend the library one time per week for storytime and an activity. Students are given time to explore the library during this time. On Fridays, students receive enrichment lessons and the library is open for check in/out throughout the school day. The certified language arts teacher or an assistant will make the library available to students throughout each school day.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

The financial impact to the district will be the same as last school year. The certified teacher is on the Certified Teacher Pay Scale while the assistant is on the non-certified scale. This is the same as the 2022-2023 school year.

F. Describe method of assessment or evaluation of effectiveness of the plan.

Like other teachers in the district, the Certified Teacher will be observed and evaluated using the Tulsa Model . Additionally, student usage will provide feedback for effectiveness. Each year the Reading Challenge is a great indicator by the number of points students acquire as a result of reading.

McCORD PUBLIC SCHOOL DISTRICT

977 South McCord Road, Ponca City, OK 74604

Ms. Brandie Choate, Superintendent/Principal

June 8, 2023

Oklahoma State Department of Education
2500 N Lincoln Blvd.
Oklahoma City, OK 73105

To whom it may concern,

McCord Elementary School is requesting a Deregulation OAC 210:35-5-71 for the 2023-2024 school year.

McCord Elementary is a small, rural school of approximately 320 students. Due to the teacher shortage in Oklahoma, including certified library-media specialists, it is difficult to place a certified librarian in the library. We have staffed our library with a certified teacher with a Language Arts endorsement that organized activities, books, and enriches students through the use of the library five days per week. We have on staff a Pre-K teacher who is a certified library-media specialist but prefers to teach Pre-K students. She is available and willing to give guidance to the certified teacher working in the library.

Thank you for your consideration,

A handwritten signature in black ink that reads "Brandie Choate". The signature is written in a cursive, flowing style.

Brandie Choate
Superintendent/Principal

NAME OF WAIVER

- A. Reason for the Waiver request. Please include circumstances which necessitate hiring a non certified library media specialist. What alternative means will be employed if your waiver is denied? Where is the applicant as it pertains to their pursuit of their course of study? What percentage of your student population will benefit from the waiver if approved?

The district does not have the financial resources to fund a full-time library/media specialist based on the size of our district and limited resources. There is not a better alternative for the district at this time. 100% of our students will benefit from the waiver by allowing the district to keep the library open for our students daily.

- B. List alternate strategies/plans which the district/site proposes. How does this plan best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement? Please list any negative impact if the waiver were to be denied.

The district is able to keep the library open daily during all periods of the day for students and staff. This has a positive effect on student learning and academic achievement. There are no negative impacts.

- C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

There is no negative impact on student performance and there is no negative impact on the district as a whole.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation?
If positive please describe where the available would be reallocated.
The financial impact is positive for the district. It allows the allocation of resources to hiring and retaining classroom teachers.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
The looks at campus and district needs assessments that consider ACT scores, OSTP scores, the RSA program and graduation rates.

** You will be contacted if more information is needed to process this request.

To Whom It May Concern:

Central High Public Schools is seeking a waiver/deregulation for Full-time Certified Librarian. We are a small rural district with limited financial resources. We are proposing to staff our library with a full-time library aide. The full-time side will allow the district to keep the library open everyday for students and teachers to use the library resources. Cooping a certified librarian with another district (if that was possible and someone was available) would limit the amount of time we would be able to have our library open. Staffing our library with a library aide reduces costs and allows the district to put more resources in the classroom.

We are seeking a waiver for OAC 210 35-5-7

Sincerely,

Kevin Dyes

COMMISSION EXPIRATION DATE

Statute/Oklahoma Administrative Code to be Waived:

(specify statute or OAC (deregulation) number: (see instructions))

*Original signatures are required. The attached questionnaire must be answered to process.**

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We will employ a retired, qualified, and properly certified media specialist for one half day a week and a library assistant full time. The assistant will work under the direction of the certified librarian. Students will have access to the library from 8:00 a.m. to 3:30 p.m. each school day. Students will be able to search for materials via the card catalog and via computerized resources.

Students will be able to check out and return materials throughout the school day.

- ~~Students will be able to generate via networked word processing/computer~~
B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

For the K-12 population of less than 100 students, we feel this arrangement is satisfactory for the foreseeable future. If Flet should increase significantly in size, other alternatives would be sought.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes this deregulation has been awarded on several different occasions.

For our K-12 population of less than 100 students, we feel this arrangement is satisfactory for the foreseeable future. If Flet should increase significantly in size, other alternatives would be sought.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

For our K-12 population of less than 100 students, we feel this arrangement is satisfactory for the foreseeable future. If Felt should increase significantly in size, other alternatives would be sought.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

Approval of this request will cost the district approximately \$13,000 as opposed to approximately \$43,000 for a full-time certified library media specialist, a savings of approximately \$30,000.

Additionally, advertisement in Oklahoma Teaching Jobs for a library media specialist for the western end of the Panhandle received no applicants.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will review mandated and local test for gain/losses in reference skills and reading and language arts assessment. We will continuously review use of the library by the students for use of Accelerated Reader materials, use of reference materials, and book check outs.

** You will be contacted if more information is needed to process this request.

June 13, 2023

Oklahoma State Board of Education
2500 North Lincoln Boulevard
Oklahoma City, OK 73105-4599

Dear Sirs:

Felt Public School conducted our library/media program under a deregulation in 2022-2023 under a three deregulation waiver. We would like to proceed with another three year deregulation for the 2023-2024, 2024-2025 and 2025-2026 school years. We currently have a part time retired certified library media specialist for the 2023-2024 school year. We have a library assistant that will work under the direction of the part time certified library media specialist. Students have access to the library from 8:00 a.m. to 3:30 p.m. each school day and were able to check-out and return materials. Further, students were able to search for materials via the card catalog or via computerized resources. Computers in the library were utilized for both research and report generation. Access to Accelerated Reader materials and tests was not hindered by the deregulation.

Data that we have received so far indicates that our individual students gained academic ground in reading and language arts tests as well as in the specific reference skills sections though we have not yet received all of the state testing data.

Because our district has fewer than 100 students, the arrangement was satisfactory this year and Felt will be requesting a continuation of this deregulation. We have been advertising for a library media specialist for over a year but have not received a single applicant.

Thank you,

A handwritten signature in black ink, appearing to read "Lewetta Hefley".

Lm Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Big Pasture Public School requests the Deregulation of OAS 210:35-9-71 and OAC 210:35-5-71 due to the inability to hire individuals who prove adequate to meet the staffing regulation. As a case in point, the district has requested and sought applicants each year for a Library Media specialist and only rarely received any applications. When an applicant learns of the compensation coupled with the drive, they are no longer interested. The inability to provide a qualified applicant, coupled with the inability of the district to provide adequate funding for compensation of an individual (if found) deems it necessary for the district to seek deregulation from the statutes. Big Pasture was able to hire a retired Texas Library Media Specialist part-time during the 2022-23 school year.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Alternative strategies consist of the plan the district currently has in place to staff the library/media center with a paraprofessional, student leadership students, and community volunteers. These individuals will be supervised by several individuals. The District Superintendent will provide oversight for the plan and the District Principals will hold the responsibility for implementation of the plan. The district's elementary Reading Specialist and a secondary instructor who has a Language Arts certification will also provide input concerning the needs and daily operations. Utilizing this committee approach shall provide for the needs of both elementary and secondary students and have the library adequately staffed.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

We have been awarded this deregulation the past 5 years. The district ELA teachers and Reading Specialist have stated there has been no negative impact on student performance. They attribute the learning gaps to the impact of COVID the past 3 years. Prior to COVID the district had achieved a School Report Card of "A".

Our committee members shall be in positions to monitor the Educational impact of the secondary students and provide immediate feedback to the committee and the local Board of Education as to the effectiveness of the plan. Utilizing the expertise of the reading Specialist on the Committee, the DISTRICT shall monitor reading and research capability as well as test scores throughout the school year to determine if satisfactory gains are being met.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The library will be open for students each school day from 8:00 am - 3:00 pm. A paraprofessional or a supervised student assistant (11th or 12th grader) will be available to serve students during the school day. A paraprofessional will assist and monitor elementary students by grade levels who will have weekly " library time" to encourage reading. 7-12th graders will be allowed to utilize the library any time during the school day with proper permission.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The financial impact to the district for the proposed DEREGULATION will be positive. This is due to the fact the Library personnel and oversight Committee are currently on staff and also there are no full-time qualified applicants.

The retired Texas person contracted for 1 day/ week during the 2022-23 school year, was an increased cost of \$10,000 in salary.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The method of assessments or evaluation of effectiveness shall be the results derived from various sources including: I-STATION assessments, IXL learning program, Alpha Plus math and reading curriculum benchmarks and student performance on the state tests. (including ACT)

** You will be contacted if more information is needed to process this request.

RE: Deregulation requests: OAC210:35-5-71 OAC 210:35-7-61 and OAC 210:35-9-71

To Whom It May Concern:

Big Pasture Public School is requesting a 3 year Statutory Waiver/Deregulation for Library Media Services at the district's library site that serves both the Elementary and Secondary students for 2024-2027 school years. This is due largely to the lack of certified applicants to staff the library as well as lack of funding to provide adequate compensation.

The Library will be open and available to all students during the regular school hours and will be staffed by an instructional aide, student aides and community volunteers. These people will be supervised by a committee of the High School and Elementary Principals, the Reading Specialist at the elementary campus and Language Arts teachers at the secondary campus

We were able to contract with a retired Library Media Specialist last year for 1 day/week. She has resigned from that position. We have posted the position since her resignation and have no certified applicants.

Big Pasture strives to provide the best educational opportunities to our students despite less than ideal circumstances. I appreciate your consideration.

Warmest regards,

Nora Curry, Superintendent
Big Pasture Schools

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Our librarian is moving to part-time employment. She is also a classroom teacher for our school district. We cannot afford a full-time librarian for our small, rural school district. All of our staff members perform many duties.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

We will utilize teacher's assistants in the library during the day. All staff members will continue to be trained to check media in and out of the center. Our part-time librarian/teacher will continue to assist in organizing, overseeing operations and ensuring our library stays up-to-date and tidy.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes. We are at the end of our three-year cycle. We are requesting a renewal in order to best utilize staff. We believe it is also important to use student library aids. Properly trained students learn the understanding of the library system and take ownership and pride in their school system.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Our library is opened at 8am-3pm daily. It will always be accessible to students, teachers and classes.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The financial impact is that we are able to use salary funds for more than library-media specialist tasks. We'll be able to continue to utilize the staff members that facilitate with the daily running of the library in more ways than this one.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The evaluation of effectiveness for both staff and students will continue as it has for three years. It makes sense to continue to utilize our librarian as a classroom teacher. It makes sense to allow teachers assistants, adults and young adults, to help take charge of the daily tasks of the library. It has worked for our school in the past and we believe that it will continue to.

**** You will be contacted if more information is needed to process this request.**

Lm Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

During the 2023-2024 school year, Deer Creek-Lamont High School will have an ADM of approximately 40 students and the Elementary will have an ADM of approximately 80 students. The required standard appropriately requires services based on an enrollment of less than 300 students. the DCLA Board of Education believes appropriate library services can be provided to all students if allowed to utilize a librarian for one hour a day or on an as needed basis at the High School. Additional staffing will be provided by employment of a full-time library assistant. The library at both sites will be open all day 5 days a week.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The district will augment the staffing requirement by providing students with internet research options via the district's computer network.

With staffing as requested, the DCLA library media program will be able to provide:

- 1) An ample opportunity for all students to have access to all the library media resources including printed, audio-visual and computer materials.
- 2) An ample opportunity for the teaching staff at DCLA to have access to all the library media resources including printed, audio-visual and computer materials.
- 3) Appropriate management of library media resources that will ensure selection of new materials and resources, accurate inventory of resources and managed procedures for checkout and return of materials.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes, this deregulation has been awarded before.

The impact to the district has been favorable. It allows all students and staff to have access to library materials all day which positively affects performance levels.

The professional staff of DCLA School will:

- 1) Provide instruction in the use of library media materials and resources to all students;
- 2) Provide appropriate programs for all teachers.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Deer Creek-Lamont is seeking a 3 year waiver/deregulation. If approved, services and staffing will begin August 9, 2023 and end May 10, 2024 for the 2023-2024 school year. School hours are 8:25 AM-3:24 PM each day and services will be available for the entire school year to all students enrolled at DCLA Public School. The same schedule will apply for the following two years.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

Deer Creek-Lamont School will provide staffing which will assure the central library is staffed and open for student use during the entire school day. Staff will consist of a full-time library assistant and a one hour per day certified librarian. At present, the district has employed Shellie Fitch, Teacher #117302 in the one hour per day position for the 2023-2024 school year.

Contracted Staff:

Library Assistant	\$18,182.12
Certified Librarian	\$ 8,973.72

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The library media staff annually tracks student check-out materials, as well as teacher and class usage of the library media center. Additionally, computer records relating to Accelerated Reader tests record the information available regarding student use.

We also purchase OKTLE for evaluation purposes.

RE: Request for Statutory Waiver/Deregulation Library Services

The Deer Creek-Lamont School District requests a waiver/deregulation for Library Services due to school size, OAC 210:35-9-71, for the 2024-2026 school years. The Deer Creek-Lamont Board of Education believes that appropriate library services can be provided to all students if allowed to utilize a librarian for 1 hour a day. The library will be open for use by students with the employment of a full-time library assistant.

Respectfully,

A handwritten signature in cursive script that reads "Barbara Regier". The signature is fluid and elegant, with a large initial 'B'.

NAME OF WAIVER

- A. Reason for the Waiver request. Please include where you intend to allocate the funds that were designated for textbooks and, what alternative means will have to be employed if your waiver was to be denied.

Blair School is requesting a three year deregulation for our Media Program-regulation OAC 210:35-5-71 and OAC 210:35-9-71. Staffing fewer than 300 students enrolled must provide at least a half-time certified Library Media Specialist.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students; please include textbooks and instructional materials used by the district for the subject areas being considered in the current textbook adoption cycle are current and appropriate for student learning.

We hired a certified Library Media Specialist but she is teaching Kindergarten. We plan to put a library assistant in our library under the supervision of our Kindergarten Teacher/Library Media Specialist.

- C. Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

We hope by keeping our library available to students all day we will help maintain the success of our reading programs. Improvements in our school report card are expected as well. The library will be open each day we are in school and be available every hour of the day. (*See attached class schedule)

- D. Please describe any financial impact to the District (positive or negative) for the proposed waiver/deregulation?

We have a certified Library Media Specialist who will be working with a full time assistant that will save us a teacher salary.

- E. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, graduation rates, etc.

Blair Public schools will use individual classroom teacher evaluations in reading and other standardized tests to evaluate this staffing modification plan.

- F. Please include with your application the signed minutes from your local board approving this waiver.

** You will be contacted if more information is needed to process this request.

To Whom It May Concern:

This letter is a request for the Blair Public School District to modify the amount of time a certified librarian must be assigned to the library regarding OAC Regulation 210:35-5-71 and OAC 210:35-9-71 for three years. Blair Public School proposes to modify the time required for a half-time certified library media specialist to be assigned to the library. The districts strategy is to utilize a full-time library assistant.

This assistant, although not a certified librarian, has worked in the library in the past. In the past few years our district spent money to automate and upgrade our library media center and I believe this area is essential to our student's success.

Thank you in advance for consideration with this matter, and if I can be of any other assistance please feel free to contact me.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jimmy Smith", is written over a horizontal line.

Jimmy Smith, Superintendent

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We would have to hire a teacher's assistant and we were barely over the limit of students for the 2022-23 school year. We are currently projected to be under the limit for the school year of 2023-2024.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

We are projected to be under the limit for the next 3 years. We should be in regulation during these years.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

No.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.
Financial impact would be positive because we wouldn't have to hire a teacher's assistant. That money will be reallocated to the library and/or reading curriculum.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
We use TLE to evaluate our librarian.

**** You will be contacted if more information is needed to process this request.**

Hennessey Public Schools

605 E Oklahoma, Hennessey, OK 73742

May 22, 2023

Hennessey Upper Elementary School and Hennessey High School are requesting a waiver of the deregulation because we had over 500 students for one librarian during the 2022-2023 school year. Our librarian is certified and available to students from 8:00am-3:00pm. The reason for requesting the waiver is because we are projected to be under the limit. However, in the case we have an increase in enrollment and are over the limit we would like to have deregulation in place to be on the safe side. Our projected number for 5-12th for the year of 2023-2024 is 492 students.

Thank you.

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

LeFlore School is requesting this deregulation in order to provide continued opportunities for students to utilize the library. Our school Library Media Specialist has retired and the school has had no certified Library Media Specialist to inquire. In addition, the school no longer has grant monies to fund a full-time Librarian. The presence of a full time library paraprofessional will ensure that students will have access to the library throughout the school day. At this time, our school has no other alternative means to staff the library.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied. All students in the elementary and high school will have access to the library during school hours of 8:00 - 3:00. This will benefit the students in the following ways:

1. Access to research resources.
2. Improved concentration and focus.
3. Promotion of reading.
4. Contribution to intellect.

The school library is an important hub of school life. It furnishes an opportunity to check out books and conduct research work. It offers a quiet place to study or just a serene environment to flip through a magazine. In addition, the library has technological resources.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

This deregulation has been awarded before and had a positive impact on the district.

For the last seven years our school has not needed the deregulation because of a literacy grant that funded the library. Not only has the grant ended, but our Library Media Specialist has retired leaving us with no other option but to staff the library with an full time para professional.

The full-time para professional that we are using has been the library assistant for the past four years and is invaluable to us in the library. By using the parapro, our library will continue on at the quality that we are used to.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The library will be open from 8:00 - 3:00 and will follow the regular school calendar.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The financial impact of the deregulation will be approximately \$50,000. Half of the savings will be used towards the library paraprofessional and the remaining amount will be used towards other school needs.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

LeFlore School will evaluate the effectiveness through test scores, understanding of reference materials, and number of books check out.

**** You will be contacted if more information is needed to process this request.**

"Educating Our Future"

June 12, 2023

Accreditation Division
Oklahoma State Department of Education
2500 N. Lincoln Blvd.
Oklahoma City, OK 73105-4599

To Whom It May Concern:

Please find attached a copy of the School Site Statutory Waiver/Deregulation Application for LeFlore Schools. This deregulation is being requested in regards to OAC 210:35-5-71, OAC 210:35-7-61, and OAC 210:35-9-71 – Library Services Elementary, Middle, and Secondary School.

LeFlore Schools is requesting a deregulation to change the standard of library services. If this deregulation is approved, it will allow students continued access to the library services as well as utilize our staff to provide the most educational benefit.

We are requesting this deregulation for a 3-year period to include school years 23-24, 24-25, and 25-26.

Please consider this application for approval.

Sincerely,

Bryan Warren, Superintendent
LeFlore Schools

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Shady Point schools is unable to fill the position of a school librarian for the 2023-2024 school year. We have been unable to find a full or part time replacement.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.
We intend to use classroom teachers as librarians for their classes. This will provide more direct access to the library and utilize the teachers as the best reward resource for selecting appropriate level reading text. We intend to use existing English language arts teachers and a paraprofessional worker to update the library automation software daily to ensure the collection is managed properly. This will ensure that check out and check in procedures are followed and ensure the security of the book collection. We intend to use a retired librarian for oversight of the library. The library will be needed on an as needed basis and be president list one or two days a month period they will focus on the state requirements of a library and ensure that books are purchased, and teachers are utilizing the library resources to the benefit of the students. This will keep the collection updated and relevant to students for their use.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes, this deregulation was awarded in 2019 for three years and renewed last year for an additional year. Over that time span we have seen no impact to the district in terms of learning loss or lack of student use. By using teachers to directly access library materials we have not only increased the efficiency of our library but also improved its impact on library material use in the classrooms.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

We intend to continue this deregulation through the end of the school year and seek a qualified applicant for each year thereafter. The library will remain open during normal school hours. Those normal operating hours are Monday through Friday from 8:30 to 3:30. The paraprofessional will be in the library one hour per day. Classroom teachers will utilize the library as needed.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The funds that previously paid for the part time librarian will be used for the increased hours of the library aide and the retired teacher. We do not expect a positive or negative financial impact to this district.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will assess the number of books checked out monthly and compare them to previous years totals. If the number of decreases drastically we will reevaluate this deregulation immediately.

**** You will be contacted if more information is needed to process this request.**

RE: Deregulation for Library Media Service in Elementary School.

To Whom it May Concern:

Shady Point Public Schools is requesting a deregulation for OAC 210:35-5-71 for the 2023-24 through the 2025-26 school years.

It is becoming increasingly difficult to find a librarian for our district. Because of that difficulty, we are allowing our classroom teachers to play a more active role in library use. Classroom teachers will be able to access the library at any time. The classroom teacher will perform the duties normally associated with the librarian as their classes utilize the library. We have trained the staff on the use of library software and the procedures to check in/out books and do not expect any issues with this change in procedure. With a class average size of just under 14 and a district size of just over 160 we feel this is more than possible with our staff. In addition, a trained paraprofessional will be utilized 1 hour a day to reshelve and ensure that the library is prepared for classes as they need them.

For the monitoring and the upkeep of the book collection, we will be utilizing an employee currently in a library science master's degree program as needed through the school year. All new purchases of books and library materials will be coordinated through this person.

Thank you for your consideration in this matter. If you have any questions, please feel free to contact me.

Sincerely,

NAME OF WAIVER

Im Services

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We are requesting a statutory waiver for OAC 210:35-5-71(ES), OAC 210:35-7-61(MS), OAC 210:35-9-71 (HS) - Library Media Staffing

We are requesting that our Certified Elementary Librarian oversee the library for our lower Elementary, Middle School, and High School students. We will provide 3 full time library

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.
Being able to utilize existing staff will allow us to maintain current class size and keep core curriculum a priority.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?
Yes, we have been able to continue to improve student performance levels with this plan in the past and believe that having the library assistance has not negatively affected student achievement.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

We will offer the required number of hours per week for media specialist at all sites. The first day of class is August 17, 2023 and the last day of class is May 24, 2024. The library will be open during school hours each day of class except during the library assistants lunch time.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

We anticipate a positive financial impact because we will utilize our existing staff rather than filling positions with an individual on emergency certification. This impact will allow the district to utilize these funds for services and instructional materials to improve classroom educational opportunities.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Effectiveness of the plan will be assessed through input from the staff and students. It will also be assessed through the number of students utilizing resources offered through the library.

** You will be contacted if more information is needed to process this request.

RE: Request for deregulation and statutory waiver

To Whom It may Concern:

Checotah Public School is requesting the following 3 year waiver/
deregulation :

- **Statutory Waiver 70 O.S. 3-126 OAC 210:35-5-71 (ES); OAC 210:35-7-61 (MS); and OAC 210:35-9-71(HS) Library Media Services**

We currently have less than 1500 students enrolled in our district. We are a small school and all sites are in close proximity. We have one certified media specialist that oversees each of our libraries and works with each of our three highly qualified paraprofessionals, so that each library can be open the entire school day to serve our students.

Sincerely,

Monte Madewell

LM. Benicio
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We do not have a certified library media specialist for our libraries. We do have two full-time staff members that oversee the libraries the entire school day at the elementary and secondary sites. If our waiver is denied, we will have to hire a certified library media specialist which isn't in our budget for the current school year.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Like I said above, we employ two full-time staff members that operate the libraries at both school sites the entire school day. Students are still able to check out books and utilize the services of the library, which benefit them in their educational endeavors. If the waiver is denied, our students won't have access to any other library services since we do not have a public library in our community.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

We have had this deregulation for the past three years, and I'm sure other times before that. The deregulation hasn't negatively impacted student performance since it allows them to still access the reading materials and research options they need for their learning. It's a positive since it's a more cost-effective options for our district.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Class schedules and calendars will be attached.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The financial impact of the deregulation will be positive because the money we save on the salaries of two certified library media specialist can be put toward library books, programs, technology and other learning tools that the students will still access by allowing the libraries to operate with the waiver and deregulation.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The staff members are monitored and evaluated by the building principals of each site. They use a district-approved evaluation tool since they aren't certified staff. Our scores on the OSTP and the ACT that are reflected on the state report card have been tremendous. Our elementary scored an A and our high school was a B on the latest report card. Our RSA numbers are amazing for the elementary school. We graduate our students at well over 90% each year. There hasn't been any negative educational impact from the deregulation over several years of it being granted for our district.

NAME OF WAIVER

Am Services

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Crutcho Public School would like to request a deregulation for the Library Media Services for the elementary and middle school. The librarian retired and it's been difficult retaining a librarian. Our library is fully staffed with a library clerk full time. We would like to apply for two deregulations.

••OAC 210:35-5-71 - Library Media Services Elementary School - School is changing the standard of library services for their size school.

••OAC 210:35-7-61 - Library Media Services Middle School - School is changing the standard of library services for their size school.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied. 1
- Our students will still be able to receive full library services. The library will be staffed with a full time clerk and a certified teacher. The certified teacher will work with each class when they visit the library weekly. Students will have access to the library 100% of the school day four days per week. The following programs below will continue to be offered on a full time-basis. Regular Circulation (Pk-8th), Story time (Pk-K), Basic Library Skills (1st-3rd), Information Literacy Skills (4th-8th). After school reading program and summer reading programs will still be offered. We do not anticipate any negative impacts. Services will still continue under the direction of a certified teacher.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

There will be no effect of impact on student performance levels. The district's student performance goal is to have all students reading on grade level. This year we've added additional supports and supplemental reading classes to support our goal. Students will always have access to the library 100 % of the time. The certified teacher will create lesson plans and activities to be implemented and assisted by the library assistant. The district has seen an increase in reading levels and scores across the district over the past school year. This district has worked out an agreement and partnered with the metropolitan library system to offer students electronic books checked out to also serve as a resource.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

We propose the library will be open four and a half days per week for students to have access. Teachers will have general times each week when their class will visit the library. Students will be able to leave class with permission from the teacher to visit the library.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

At this time we will not see any significant financial impact on the district. The salary for a certified librarian will be used to employ a certified teacher to provide support to the library program until we can identify a librarian. The district will continue to work on grants to help with additional materials to keep the library stocked with current material and offerings.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The superintendent will evaluate the progress and the effectiveness of the library program to determine if any changes need to be made. Our student population continues to make academic improvements in reading. Reading test assessments will be evaluated to determine if the proposed plan is effective. We will continue monitoring reading levels each semester to determine if any changes are needed.

** You will be contacted if more information is needed to process this request.

A. Reason for the waiver/deregulation request (be specific).

OAC 210:35-5-71

Kirkland Elementary School was converted to an Kirkland Early Childhood Center a few years ago. They serve approximately 200 students from Pre-K thru 2nd grades. Each class has age appropriate resources in the individual classrooms and/or in a common areas available to both parents and students for checkout. Due to the shortage of qualified Library Media Specialists, there is a full-time Library Media Assistant at Kirkland Early Childhood Center.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Putnam City Schools provides age appropriate library materials in each classroom. These materials are readily accessible to parents and student alike so students may practice skills learned in class at home.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

As there are materials readily available in the classroom to students and their parents, there is no negative impact on the students' education.

D. Timeline: (Please submit class schedule, calendars, assessment forms and other attachments as necessary.
A waiver/deregulation can only be granted for a one school year period)
NOTE: A School District Empowerment Waiver can be for up to 3 years.

2023-2024

2024-2025

2025-2026

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

There really isn't a financial impact to the District. It is really due to the shortage of Library Media Specialists available.

F. Describe method of assessment or evaluation of effectiveness of the plan.

N/A

Oklahoma City, OK 73105-4599

Re: Deregulation Application for Library Media Specialist for Early Childhood Center.

To Whom It May Concern:

Attached please find Putnam City's Deregulation Application related to Statutory Requirement OAC 21035-571. State Accreditation Standards require a full-time library media specialist in every elementary school with more than 300 students. Kirkland Early Childhood Center serves approximately 200 students Pre-K through 2nd grades. Age-appropriate language development materials are available in each individual classroom as well as in common areas. Students and parents are encouraged to utilize the resources. In addition, a full-time Library Media Assistant is on staff at Kirkland Early Childhood Center.

Due to the shortage of qualified Library Media Specialists, Putnam City respectfully requests for deregulation of statutory requirement for Library Media Specialist for our Early Childhood Center. **We are requesting the Deregulation Application be approved for three years per Accreditation Standards Rule 210:35:3-228.**

Please contact me if you have any questions.

Sincerely,

Dr. Fred Rhodes
Superintendent

LM Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Glencoe Public Schools has not employed a Library Media Specialist for the past several years. Finding a qualified part-time LMS has proven very difficult. We have staffed our libraries with library aides and the libraries are available to all students, all day. We have saved thousands of dollars which have been used for core academics, staff, and supplies. If denied, we would have to operate according to our proposed plan to ensure that all of our students are still served.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The district proposes to employ one full-time assistant for each site. The assistants will manage the day to day operations of the libraries as well as set schedules, check in and out books, and the shelving of books. Each library will be open to student use for the entirety of the school day. If denied, the library hours may not be available to students throughout the entire day.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes, performance level initially remained steady but have increased over the past 2 years. No adverse results anticipated.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Timelines are;

High School assistant will operate the HS library all day (8:15-3:30) M-Th

Elementary assistant will operate the Elem library all day (") M-Th

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The financial savings will be approximately \$40,000/year which will be used for core academics, staff, and supplies.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will monitor number of books checked out in each library, in comparison to previous school years. We will discuss the effectiveness of each plan with current teachers to ensure we are meeting their classroom needs. During our most recent 3 year dereg approval we have seen our state test scores, graduation rates, RSA, and School Report Card have all seen significant increases.

** You will be contacted if more information is needed to process this request.

Re: School Site Deregulation Application
For 2024 – 2026 School Year

Glencoe Public Schools is requesting a deregulation of OAC code 210:35-5-71: Library Staffing and OAC code 210:35-9-71: Library Staffing. The codes states that the school shall provide staffing for the media program through one of the following arrangements:

210:35-5-71 (elementary) Enrollment – Fewer than 300 – At least one-fifth time certified library media Specialist (librarian) and a full-time library assistant

210:35-9-71 (secondary) Enrollment – Fewer than 300 – At least a half-time certified library media specialist (librarian)

Glencoe Elementary School has a student population of 246. This means that under the regulation we would be required to have at least a one-fifth time certified library media specialist (librarian) and a full-time library assistant. Glencoe High School has a student population of 96. This means that under the regulation we would be required to have at least a half-time certified library media specialist (librarian). We are proposing to deregulate both libraries and employ one full-time assistant for the elementary library and one full-time assistant for the high school library. This would make sure both libraries are open all day. The libraries would be open for check-in/check-out all the time during the school day and would be used for teaching and classroom projects. Glencoe Public Schools has advertised the last several years for a part time library-media specialist and to this date we have not received any qualified applicants. We will save around \$40,000 a year with this proposed deregulation and this will help us continue to employ our staff that teaches in core subject areas.

Thank you for your consideration,
Jay Reeves, Superintendent
Glencoe Public Schools

OAC 210:35-5-71

hm services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

This is a deregulation request for Standard VII Media Program, specifically OKLAHOMA ADMINISTRATIVE CODE (OAC) 210-35-5-71 STAFFING. These regulations require: Elementary schools with an enrollment of over a population of over 500-999 as required to staff the Media Center as follows: At least one full-time certified library media specialist and one full-time library assistant. As part of a budget cut put in place, the Media Specialist Assistant was eliminated at all district sites. Catalayah will exceed over 500 students in 2023-2024. The library will be open with a full-time Library Media Specialist or a paraprofessional lunchtime.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The library will be staffed with one full time Library Media Specialist that has no other teaching responsibilities during the day other than Library Media. Office Personnel or a paraprofessional will relieve the Library Media Specialist during lunchtime to ensure the library is open the full school day.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

No effect of student performance levels are expected. The impact will be felt by the increase workload on the Media Library Specialist and paraprofessional that will assist the Media Specialist.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The deregulation request is for three years. Claremore Public Schools plans to replace the assistant once funding is back to levels that will allow the District to accomodate and have zero effect on teaching positions and the student ratio.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

Claremore Public Schools had budget constraints for 2020-2021 school year. CPS was cut 850K plus, another 550K from enrollment. A total of 1.3M in lost revenue. Along with previous funding , many of the ESSER funds are being depleted in the next school year.

The reallocation of the salary from the Media Assistant will maintain toward a salary of a teacher or a paraprofessional.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The Claremore Public School District was able to save teaching positions at several levels and allowed classes to remain at a reasonable number of students with the elimination of the Library Media Assistant.

** You will be contacted if more information is needed to process this request.

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

This is a deregulation request for Standard VII Media Program, specifically OKLAHOMA ADMINISTRATIVE CODE (OAC) 210-35-9-71 STAFFING

These regulations require: Secondary schools with an enrollment of over a population of over 1000-1499 as required to staff the Media Center as follows: At least one full-time certified library media specialist and one full-time library assistant. As part of the anticipated budget restraints from the elimination of the ESSER grants, the Media Specialist Assistant continues to be eliminated at all district sites. Claremore High School will exceed over 1000 students in 2023-2024. The library will be open with a full-time librarian or a paraprofessional during the librarian's lunchtime.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The library will be staffed with one full time Library Media Specialist that has no other teaching responsibilities during the day other than Library Media. Office Personnel or a paraprofessional will relieve the Library Media Specialist during lunchtime to ensure the library is open the full school day.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

No effect of student performance levels are expected. The impact will be felt by the increase workload on the Media Library Specialist and paraprofessional that will assist the Media Specialist.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The deregulation request is for three years. Claremore Public Schools plans to replace the assistant once funding is back to levels that will allow the District to accomodate and have zero effect on teaching positions and the student ratio.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

Claremore Public Schools had budget constraints for 2020-2021 school year. CPS was cut 850K plus, another 550K from enrollment. A total of 1.3M in lost revenue. Along with those , many of the ESSER funds are being depleted in the next school year.

The reallocation of the salary from the Media Assistant will maintain toward a salary of a teacher or a paraprofessional.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The Claremore Public School District was able to save teaching positions at several levels and allowed classes to remain at a reasonable number of students with the elimination of the Library Media Assistant.

** You will be contacted if more information is needed to process this request,

- A. Reason for the Deregulation request. Please include how your students would benefit from this deregulation, what alternative means will have to be employed, and negative effects on your alternative education population if your waiver was to be denied.

Our extremely small district with a PK-12 student count of 51 at the end of the 2023 school year has very limited staff. Due to a very low local employee pool and limited finances, staff member at Hardesty Public Schools must fill multiple roles. With our small class sizes, we have no problem providing library services with our secretary. Hardesty Public Schools presently has no alternative means that could be employed if the waiver is denied.

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your alternative education program, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and the result of the previous years alternative education audit.

Hardesty Public Schools hopes that some day a certified librarian could be hired to provide library services to our students. This plan will best serve our students by allowing someone on staff that already knows the library system to provide the much needed library services to our students.

- C. Educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, and predicted graduation rate.

This deregulation was awarded last year and we saw no education impact to the district. Our secretary works from the library so she is always there to assist with book checkouts. Our students have library time scheduled each day.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions. A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

N/A

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

By approving this deregulation, our district can use our very limited financial resources in ways that better serve our student population and more keenly increase student learning.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will assess our plan by our elementary AR points and monitor if our students reading levels continue to improve. We will monitor closely to insure that our students continue to have adequate access to the library.

** You will be contacted if more information is needed to process this request.

School Board: Alberta Brown, President; Clinton Martin, Vice President; Tina Smith, Clerk;
Rita De La O, Member, and Blanca Esquivel, Member

To: Oklahoma State Department of Education

Hardesty Public Schools is requesting a deregulation of our library media services for our elementary (OAC 210:35-5-71), middle school (OAC 210:35-7-61) and our high school libraries (OAC 210:35-9-71) for the 2024-27 school years.

Our district continues to experience financial struggles. Our student population' PK-12, at the end of the 2023 school year was 51. Our current secretary covers our library and media services. Her secretary duties take a back seat to any library needs that arise. Our students have a regularly scheduled time for the library. Any additional library time can be scheduled as needed.

Thank you for your consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Chad Fox". The ink is black and the signature is fluid and legible.

NAME OF WRITER:
hm Services

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We are requesting to staff our library with a highly-qualified library assistant and elementary paraprofessionals who will accompany students to the library under the supervision of district administration. Given our extremely rural location and small size (approx. 110 students PreK-12), it is very difficult to recruit and retain a certified library media specialist. No suitable candidates have been found. If our waiver is denied, the library services currently available to our students would be severely limited.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Rather than staff our library with a half-time certified library media specialist, we are requesting to staff our library with a highly-qualified library assistant and elementary paraprofessionals who will accompany students to the library under the supervision of district administration. This staffing configuration will allow us to have the library open and accessible to all students throughout the full school day. With the library open and accessible, students will have full-time access to quality reading materials and technology resources. The highly-qualified library assistant will have the responsibility of training support staff and organizing library times for classroom visits.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes, our district received this deregulation last year. During this time, the library has been open and accessible to all district students throughout the full school day. This has allowed us to continue our reading programs. No negative impact has been observed; however, gains in student reading levels have been documented through our Accelerated Reader program. Our library has continued to function as it has over the years. This waiver allows us the flexibility to fully utilize our library media resources.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

This deregulation is requested for the 23-24, 24-25, and 25-26 school years.

The library will be staffed, open, and accessible to all students while school is in session from 8:00 AM to 3:35 PM each day. Please find attached our school calendar showing the days of operation for the 23-24 school year.

Staffing:

Brooke Nave - Library Media Assistant

Alma Nevarez - Elementary Paraprofessional

Emily Martinez - Elementary Paraprofessional

Lizeth Barrios - Elementary Paraprofessional

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

By staffing the library with an assistant rather than a certified library media specialist, our school district will save approximately \$30,000.

Savings will be used to purchase library books, subscription services for library programs, learning software, reading programs, assessments, reading remediation and enrichment.

Historically, we have made annual investments in our library and will continue to do so.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

At the end of each school year, our library assistant will survey the teachers, paraprofessionals, and students to determine if the students' library media needs are being fully met. In addition, we will use Accelerated Reader, DIBELS, and state testing data to determine the effectiveness of our library media plan.

** You will be contacted if more information is needed to process this request.

I receive today will make me a
leader of tomorrow.
I will succeed!

June 8, 2023

To Whom It May Concern:

Yarbrough School District is requesting a library media services deregulation for the 23-24, 24-25, and 25-26 school years for Site 105 Yarbrough Elementary and Site 705 Yarbrough High School. Both sites are located in the same building and are served by the same centrally located library.

This deregulation request is being made to change the standard of library services for our size school. Rather than staff our library with a half-time certified library media specialist, we are requesting that we be allowed to staff our library with a highly-qualified library assistant and elementary paraprofessionals who will accompany students to the library under the supervision of district administration. While a certified library media specialist would be much preferred, given our extremely rural location, it is very difficult to recruit and retain a certified library media specialist.

It is important to note that our library will remain open and accessible to all of our students throughout the full school day.

Thank you for your consideration and if additional information is needed, please do not hesitate to contact me at (580) 520-1031.

Sincerely,

Mr. Jim Wiggins
Superintendent
